FDA Cleared

FRACTIVA

Multi-Application Versatility:

- Wrinkle & Scar Reduction
- Skin Resurfacing
- Stretch Mark Treatment
- Burn & Acne Scar Correction

...and more!

Transformative Results with Fractional CO2 Laser Technology

Step into the future of skin rejuvenation with Fractiva, the advanced fractional CO2 laser designed for powerful, visible results. Compact, modern, and engineered for versatility, Fractiva brings the gold standard in ablative laser technology to your practice, delivering dramatic improvements in texture, tone, and overall skin quality.

Ablative Power for Deep Rejuvenation:

Fractiva's fractional CO2 technology works aggressively and effectively to smooth wrinkles, soften scars (including burns and acne), erase stretch marks, and resurface skin for a renewed, youthful appearance.

Precision Meets Performance

Fractiva is designed for practitioners who demand both power and control, delivering consistent, impressive results for even the most challenging skin concerns.

FRACTIVA

Three Powerful Modes—One Complete Solution

Expand your treatment offerings with Fractiva's specialized modes:

Fractional Mode:

For full skin resurfacing, targeting wrinkles, scars, stretch marks, and overall rejuvenation.

Vaginal Mode:

For non-surgical vaginal rejuvenation, addressing laxity and improving quality of life for your clients.

Surgical Mode:

For precise, controlled cutting in dermatological and minor surgical procedures.

Why Choose Fractiva from Supramedical?

- **Exceptional Support:** Our expert technical team is always available for quick assistance, keeping your practice running smoothly.
- **Flexible Financing:** Options to help you invest in the best technology, regardless of your business size.

Testimonial

Diana Cliff

Aquablue Wax Skin Care

"My experience with my Fractiva has been an amazing one so far. Supramedical had been recomended to me by a friend and business owner so i came with high expectations which, so far, have been met and then some!

The Fractiva machine has been a great addition to my business, it's been effective, easy to use and handle and it's small size has really been a plus since I like uncluttered spaces.

And lastly, the attention i got at Supramedical while looking for a new machine was top notch, they really seemed more interested in giving me useful info instead of just closing a sale and teaching me it's proper use after closing the deal, a 10 out of 10!"

Personalized, Certified Training:

All our machines will include appropriate certified training to guarantee proper use, safety, and results. These trainings are available online or in person (at our training facilities).

This training is a comprehensive course covering every aspect of the operation of the machine, safety, maintenance, and legal forms. All the information will be provided electronically: follow-up material, videos and a lifetime VIP service line for any after-training doubts, treatment questions, faults, etc.
